## Opportunities to develop personal spirituality at St George's…

Windows… Mirrors… Doors…

Throughout the school year we plan a rich variety of opportunities to our children, staff and families to enable each of us to engage in occasions that enlighten and develop our personal spiritual journeys. By following the liturgical calendar as a starting point, we have recorded below a range of these opportunities. This list is by no means complete, as throughout each day opportunities arise to share in our spiritual journeys.
